

COPYRIGHT NOTICE AND INTELLECTUAL PROPERTY PROTECTION

BELLANDE TECHNOLOGIES CORPORATION INC, RONALDSON BELLANDE.

Effective Date: 2021-present

Copyright © 2021-present Ronaldson Bellande, Bellande Technologies Corporation Inc. All rights reserved.

This work, including but not limited to research findings, code, scientific data, methodologies, protocols, algorithms, software, analyses, documentation, laboratory procedures, experimental results, technical information, diagrams, charts, formulas, equations, proofs and all other materials contained herein (collectively, the "Materials"), are protected by copyright and other intellectual property rights under international conventions and the laws of applicable jurisdictions worldwide.

Intellectual Property Protection:

1. **Research Data and Findings:** All experimental data, research outcomes, and scientific findings, whether published or unpublished, are proprietary to Bellande Technologies Corporation Inc.
2. **Methodologies and Protocols:** Laboratory procedures, research methodologies, and experimental protocols are confidential and protected.
3. **Software and Algorithms:** All computational methods, software implementations, and algorithmic solutions are copyright protected.
4. **Documentation:** Technical reports, research papers, presentations, and supporting materials are protected works.

Restricted Actions:

No part of these Materials may be reproduced, distributed, modified, reverse engineered, decompiled, analyzed for structure, displayed, performed, published, transmitted, or used in any form or by any means, including photocopying, recording, or other electronic or mechanical methods, without the prior written permission of Bellande Technologies Corporation Inc, except for:

- (a) uses explicitly permitted under a separate written agreement with Bellande Technologies Corporation Inc,
- (b) brief quotations in scientific publications with appropriate citation and acknowledgment,
- (c) uses permitted under applicable statutory exceptions and limitations to copyright, including fair use/fair dealing for research purposes.

Data Protection Notice:

Certain components of the Materials may be subject to additional protections under data protection laws, export control regulations, and/or confidentiality agreements.

Collaboration and Licensing:

For research collaboration inquiries, licensing requests, and permissions, please contact:

Ronaldson Bellande
Bellande Technologies Corporation Inc

Attribution Requirements:

Any authorized use of the Materials must be accompanied by appropriate attribution to Bellande Technologies Corporation Inc and relevant researchers/authors as specified in the citation guidelines.

Enforcement:

Unauthorized use, reproduction, or distribution of these Materials or any portion thereof may constitute intellectual property infringement and/or breach of confidentiality, resulting in civil and criminal penalties. Violations will be prosecuted to the maximum extent possible under applicable laws.

Trademarks and Patents:

All trademarks, service marks, trade names, and patents referenced or embodied in the Materials are proprietary to Bellande Technologies Corporation Inc or their respective owners.

This notice applies worldwide and is enforceable under the relevant laws of applicable jurisdictions, including but not limited to the Berne Convention for the Protection of Literary and Artistic Works, Patent Cooperation Treaty (PCT), and other applicable international intellectual property conventions.
