

# CONFIDENTIALITY AND PROPRIETARY INFORMATION NOTICE

## OWNERSHIP AND INFORMATION RIGHTS

All communications, whether conducted in person or through any technological means, with the Bellande Entities (as defined below) or involving information associated with the Bellande Entities—regardless of whether such information is collected, visible, encrypted through known or unknown methods, assembled from various sources, or any combination thereof—shall be considered the exclusive property of the Bellande Entities.

## CONFIDENTIALITY PRINCIPLE

"Out of sight, out of mind." Any communication associated with the Bellande Entities is subject to non-disclosure obligations, copyright protection, and other proprietary rights. Information that is copyrighted but not publicly disclosed by the Bellande Entities retains its inherent value as proprietary material, even without formal copyright registration.

## LEGAL PROTECTIONS

Any unauthorized use, disclosure, or access constitutes a violation of non-disclosure agreements, copyright law, intellectual property statutes, and non-compete provisions. These protections are asserted globally, across all jurisdictions, without territorial limitation.

## VIOLATION AND LIABILITY

Should Bellande Entities encounter issues related to non-disclosure agreements, copyright, intellectual property, non-compete provisions, or other protective measures, the liability shall rest with the party who accessed or shared such information outside the authorized scope of the Bellande Entities—regardless of whether such party was previously affiliated with the Bellande Entities or unauthorized access to confidential information constitutes a particularly serious violation.

## COVERED ENTITIES

This notice applies to all information related to the following entities:

1. **BELLANDE TECHNOLOGIES CORPORATION INC.** ("BTC"), a corporation organized under international law, with its principal place of business established internationally, operating across global markets without geographical limitation.
